

BE ACCOMMODATED

The number of various and individual bottles seems to be unlimited. Particularly on the premium market, unique packaging may be the only way to underline the outstanding character of your product.

This growing demand on our products makes us offer all-in-one solutions and accompany you with our regional partner network throughout the value-added chain.

OUR WIDE RANGE OF SERVICES INCLUDES:

- access to an efficient network of decoration partners for prints, sleeves, coating and much more
- placement of suitable services
- support during the whole process
- handling of the logistics processes

BE UNIQUE

Our coating facility in Steinbach am Wald ensures the customers' individual requirements to be met and gives the bottles more character and soul.

We offer tailor-made solutions to our customers to stand out clearly from competitors and make themselves individual and unique.

No matter if transparent, opaque, glossy or frosted, in bicolour design or in a special colour – the latest application technology of Wiegand-Glas makes it possible.
